Subject:	Cambridge Should Stop Purchasing from Hewlett Packard

Dear Marc and Jan,

I am writing as a co-coordinator of Cambridge United for Justice with Peace, a member of Jewish Voice for Peace and a long time activist for peace and justice in Cambridge and beyond. I am sickened by Israel's unrelenting attack on Palestinian rights and lives and have come to believe that BDS as a non-violent strategy is a legitimate tactic in the struggle to convince Israel to mend its ways. Hewlett Packard technology plays a crucial role in Israel's diabolical moves and as a concerned Cambridge citizen, I urge you to support our calls for divestment from the company.

I look forward to hearing that you both are playing a critical role in moving this effort through the council. Thanks.
